

# DK

## Instructions to set the time on a Toshiba Strata DK Telephone System.

This operation is possible from the administrator station or attendant consoles only!

This enables you to set the time on all the phones at one time. The administrator station is usually, extension 200 or #10

### TO SET THE TIME

1. Leave the handset on the hook. Press "Intercom"
2. Press #652 For models 16e, 40, 40i, 280, 424, 424i  
Press 652 (without the # pound key) for models 16, 24, 56, 96
3. You will hear a single tone
4. Enter the time (HHMMSS) Use the 24-hour clock format.  
Sample: 060530=6:05am and 30 seconds. 143045=2:30pm and 45 seconds
5. Press Redial
6. You will hear a single tone
7. Press "Speaker" (Spkr) and hang up
